Romans - A Laymans View

In the role of working group participant, the Fellow will be integrally involved in: spatial analysis to determine priority areas for building soil organic matter in California rangelands; spatial analysis of the potential contribution of soil organic matter to crop yield and yield variability in Midwestern row-crop agriculture; working closely with The Nature Conservancy staff and other practitioners to develop specific strategies to manage soil for environmental and human outcomes in California and through the Soil Health Partnership participating in SNAPP working group meetings.

Bucking the Trend: The Story of Buck Autrey and Miller Electric Company

Subplots having to do with family reconciliations and cut-and-paste schoolyard bullies constantly threaten to drag the film down to the level of a trippy after-school special.

Romans - A Laymans View
