The Daly Vendetta

For the childhood researcher, one lesson to learn from these observations is that in order to facilitate children independently sharing their experiences of the ordinary complexities of family, it may be necessary to offer them a space in which these accounts can be heard without running the risk of parents overhearing Valentine. These observations may be used to encourage researchers to ask: how can I ensure through my choice of methods, and through an attentiveness to ethical issues that children are able to share their experiences.
