Quantum Interface Technology: 29th Century Technology: Non Physical Energy Generation

We also present an analysis of several lithic refits found in TD6, as well as certain technical features that may help characterise the hominin occupations. Moreover, in the more affluent predominantly white areas, the tendency was for the local CPF to turn itself into a Section 21 Company not-for-profit and then to contribute money toward the purchase of equipment and vehicles for the use by the police station in their area, so as to ensure that the type of quality policing previously received in the apartheid era from a well-resourced police station would continue to be received by its residents Pelsler, This was a very deliberate response to what was perceived as the siphoning-off of resources to the under-resourced and poorly policed areas in the black townships.
